PROFESSIONAL SUMMARY

Computer Science undergraduate with hands-on experience in Python, JavaScript, and application development. Built interactive projects including a Python-based word game and a JavaScript-Python integrated application. Contributor to open-source projects through GSSoC 2025. Actively seeking entry-level developer or intern roles to apply programming and problem-solving skills.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, C

Frameworks / Tools: Flutter (basic), Git, GitHub, VS Code

Databases: SQL (basic)

Concepts: Problem Solving, Application Logic, Version Control

PROJECTS

Flip Flop Word Game (Python)

- Developed a fast-paced word unscrambling game using Python.
- Implemented game logic, scoring system, and time-based rounds.
- Designed increasing difficulty levels to enhance user engagement.
- Strengthened problem-solving and logical thinking skills.

Web/Application Project — JavaScript & Python

- Built an application integrating JavaScript frontend logic with Python-based functionality.
- Worked on data handling, application flow, and feature integration.
- Improved understanding of full-stack communication concepts.

Open Source Contributor — GSSoC 2025

- Contributed to open-source repositories by resolving assigned issues.
- Collaborated using GitHub workflows including issues and pull requests.
- Gained experience in team-based development and version control.

EDUCATION

Swami Vivekananda Institute of Technology

Bachelor of Technology – Computer Science & Engineering (CGPA: 7.7, Pursuing)

Hyderabad

2022 – Present

MAM College, Nampally

Intermediate (12th Grade) – 91%

Hyderabad

2020 – 2022

CERTIFICATIONS

Python Foundation Certification – Infosys
